

RAILAMP

Article-No.: 02-052

BAV-homologated
and nationwide usage in Switzerland

Lowest operating costs
Battery only needs to be replaced
every two years

Space-saving
Logistics concept
four Railamp sets fit onto one
level of the Euro pallet

Characteristics

- Available in a set (3x orange / 1x green) to completely secure one side of a construction site
- Reduction in operating costs as maintenance can be minimized and batteries only need to be changed every two years. This is due to the power-saving LEDs
- Standardized battery concept with ICE-plugs for simple logistics
- Transport box ideal for stackable storage on a Euro pallet (four boxes can be stored per level)
- Secure synchronization through cable connection
- Twilight switch so that the lights only flash at night
- Switch-on control by status LED
- Universal assembly on any tube up to 82mm by Secura lock

Technical Date

Dimension (LxWxH):	190mm x 200mm x 355mm
Lens diameter:	190mm
Weight without battery:	1.2kg
Weight with battery:	2.88kg
Light source:	LED
Luminous intensity:	31cd
Twilight switch:	Yes - with power on control LED
Light color:	amber
Light output:	one-sided Lens 180° rotatable
Power supply type:	Battery / accumulator
Operating voltage:	6VDC
Current consumption day:	2.35mA
Current consumption night:	7.5mA
Operating time:	24'000h (1'000d)
Flash frequency:	2Hz
Synchronisation:	with sync cable
Battery type:	4AS3 (6V/120Ah) Air Alkine
Assembly:	Secura lock 82mm
Material:	Housing: PE-HD Lens: PC
Regulations:	BAV FDV R300.2 par. 2.3.4

Accessories

Block battery 6V/120Ah
